FREQUENTLY ASKED QUESTIONS

Is it ok for my child to start playing before the school year starts? If your child would like to start with a private lesson teacher early, this is great! Please contact a director for this information. It is NOT ok for your child to pull out their instrument on their own and attempt to start playing without the guidance of a professional. This could cause them to create bad embouchures, tones, and habits that are hard to correct down the road.

When should I bring my instrument to school next year? We will have you bring your instrument (if rented through a local music store) and supplies the 2nd or 3rd day of school. No need to bring anything the first day of school.

If we are renting our child's instrument from a local music store, when will it arrive to the school? Some music stores will deliver instruments and any supplies purchased directly to our campus. Depending on how early they are ordered, some will arrive in the summer before school starts.

Can I purchase instruments or equipment other than what is listed? We have found not all instruments and equipment are manufactured to the same standards. The items listed on your materials list as approved selections have been chosen and cleared by the band staff based on years of experience. Purchasing an instrument not listed for your child could hinder your child's development and progress. Instrument (brands) purchased from Amazon such as Mendini, Eastman, Eastar, Hawk, and Apollo, etc, are NOT acceptable instruments for your child.

What if we have an instrument from a family or friend that my child can use? Many times, instruments that sit for periods will need cleaning and maintenance due to stuck slides/valves, dried out pads, etc. Please contact a director if the brand/model is different from the list to ensure it is an appropriate instrument for a student to start on.
